BENDING OVER BACKWARDS: DISABILITY, DISMODERNISM AND OTHER DIFFICULT POSITIONS

DOWNLOAD

NYU Press, 2002. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Bending Over Backwards is a welcome dismemberment of all that was unknowingly artificial from the start." -The Minnesota Review "Davis's work offers creative and challenging examples that may be useful to our discipline and particularly to Disability historians. Bending Over Backwards remains an important and useful work for historians as a template for examining the myriad ways disability and Deafness infiltrate vital aspects of our identity, including laws, cultural icons, literature, and citizenship."-H-Net Reviews "Taken all together, the chapters offer an important, theoretically rich introduction to disability issues." -Novel "It is crucial, if at times uncomfortable, reading for medical professionals and scholars in the medical humanities alike. . . . Daring to mix the literary and the medical, the symbolic and the instrumental, the interpretive and the interventionist, Davis demonstrates what disability can teach us about the life that awaits any human baby." - Literature and Medicine "This superlative book is highly recommended for undergraduates, scholars, and researchers in the fields of disability studies, sociology, psychology, anthropology, ethics, and cultural studies." -Choice "Lennard Davis is history in the making; for he is one of the foremost proponents of "disability studies," the newest theoretical kid on the block, noteworthy in part because it brings together scholars from the humanities and the medical sciences." -Stanley Fish, in Chicago Tribune With the advent of the human genome, cloning, stem-cell research and many other developments in the way we think of the body, disability studies provides an entirely new way of thinking about the body in its relation to politics, the environment, the legal system, and global economies. Bending Over Backwards reexamines issues concerning the relationship between disability and normality in the light of postmodern theory and political activism. Davis takes...
