

Buzz About Bees (Hardback)

Filesize: 1.65 MB

Reviews

I actually started looking over this ebook. It is actually loaded with knowledge and wisdom Its been printed in an extremely easy way and it is just soon after i finished reading through this publication through which basically changed me, change the way i believe.

(Mr. Kristoffer Spinka)

BUZZ ABOUT BEES (HARDBACK)

DOWNLOAD

Fitzhenry Whiteside Ltd, Canada, 2016. Hardback. Book Condition: New. 259 x 211 mm. Language: English . Brand New Book. 2014 Silver Birch Express Award nominee Canadian Science Writers? Association Outstanding Youth Book 2013 shortlist On CCBC s Best Books for Kids and Teens list 2013 On Resource Links? Best of 2013 list On Ontario Library Association Best Bets List 2013 Imagine a world without bees. Not only would it be less colourful - with fewer wildflowers and flowering plants - it would be less fruitful as well. A world without bees would mean a world where the food supply would be significantly diminished. Global bee researcher Laurence Packer estimates that bees are responsible for 1/3 of our food supply. Buzz About Bees is the latest addition to the series that includes Lowdown on Earthworms and follows the same formula offering an in-depth look at an endangered and vital part of the natural world. Accompanying information about the history, social structure and science behind the world of bees and honey are conservation activities to make the world a place where hives of bees can thrive. Reviews: With punny titles such as UnBEE-lievable Body Parts and Let Me BEE: I m BUZZ-y Working, Buzz About Bees takes an upbeat, yet serious, approach to its topic. Absorbing, cheerful, and easy to read. Recommended.-- CM Magazine We really liked Buzz About Bees by Kari-Lynn Winters and would recommend it to anyone who loves nature and wants to take care of it. My sister and I are both home schooled and we were able to include this fun book as part of our science curriculum. -- Mason (age 11) and Emilee (age 12), Reader Views Kids.
